

Life. Career. Balance.

SOUTHLAKE
REGIONAL HEALTH CENTRE

Experience it. **Only at Southlake.**

By far, some of the highest physician satisfaction scores in the healthcare field. Recent data by NRC Picker confirm that we are well on our way to providing the premium practice environment that you deserve:

95.8% of our physicians rate Southlake a quality hospital for their medical practice
94.4% of our physicians rate Southlake as a positive place to work

At Southlake, we've created something special ... A big city hospital that hasn't lost its community heart. A place where teamwork is the norm and new leaders are continually discovered. An environment where you can put your skills to work today, while advancing towards your goals for tomorrow. A collegial workplace focused on achieving work-life balance. If you are committed to excellence, passionate about making a difference, and looking for a place where your career can flourish, come join us.

Newmarket is located in York Region, part of the Central LHIN, on the northern edge of the Greater Toronto Area, allowing easy access to city activities as well as a short distance to cottage country and ski resorts. Residents of York Region enjoy access to an array of real estate options and public and private schools, making the area a choice location for many young families.

Adult General Psychiatrist

Consider this full-time opportunity to complement our dynamic team of 16 full- and part-time Psychiatrists. We have a Schedule-1, 24-bed Adult In-patient Unit, an active Day Program, a Brief Therapy Clinic, a Schizophrenia Clinic, an Urgent Care Clinic, and a 24-hour first on-call Adult Crisis Team. In addition, we have a busy consult-liaison service, ACT and PACT teams, and a newly developed Rapid Assessment for Psychopharmacologic Treatment (RAPT) Clinic. Teaching of medical students and PGY1 & 2 U of T Family Medicine Residents is a vital part of our activities. The successful candidate will participate in teaching, provide on-call service (approx. 3-4 x/mo.) and take on a leadership role in our Schizophrenia Clinic, and have opportunities to manage inpatient beds and become involved in clinical trials and the above programs.

Child & Adolescent Psychiatrist

Join a multidisciplinary team that currently includes four Child & Adolescent Psychiatrists. As York Region's designated centre for Child & Adolescent Psychiatry and Eating Disorders, we have 7 inpatient Child & Adolescent Mental Health Beds, an Outpatient Child and Family Clinic, an Eating Disorder Program, a Child & Adolescent Crisis Program and a Child & Adolescent Day Treatment Program.

Subspecialty liaison with medical and surgical programs in the hospital and linkages via telepsychiatry to underserved hospitals in the Region are areas in need of development. A busy, lucrative practice can be set up rapidly, given the Regional needs for psychiatric consultation and follow-up. The hospital will provide office space, computer, dictation services, pager, and limited administrative support; some sessional support may be provided and will be dependent upon the departmental responsibilities assumed. Active practice mentoring for newly graduated candidates is available.

Candidates must hold an Active Independent licence with the CPSO and be RCPSC certified in Psychiatry. To join our dedicated team, please forward a letter of interest, along with your curriculum vitae, to:

Michele Skerratt, Medical Staff Affairs Specialist
Southlake Regional Health Centre
596 Davis Drive, Newmarket, ON L3Y 2P9
mskerratt@southlakeregional.org

We thank everyone for their interest; however, only those selected for an interview will be contacted.
