Southlake has some of the highest physician satisfaction scores in the province. The latest data by NRC Picker confirms that we are providing the premium practice environment that you deserve.

Newmarket is located in York Region, part of the Central LHIN, on the northern edge of the Greater Toronto Area, allowing easy access to city activities as well as a short distance to cottage country and ski resorts. Residents of York Region enjoy access to an array of real estate options and public and private schools, making the area a choice location for many young families.

GP-Hospitalist

To meet the demands of our unprecedented regional growth and population demographics, we are seeking a part-time GP-Hospitalist to join the Division of Hospital Medicine. Hospitalists provide a variety of services for medical inpatients including patients admitted to our Restorative Care Unit (RCU) both on site at Southlake and at our off site RCU location (former Humber River Hospital).

The focus of the division is to provide its members with the opportunity to achieve exceptional career-life balance. Our GP-Hospitalists can expect a competitive compensation package, including fee-for-service, daytime stipend and HOCC on-call funding.

Southlake is a premier practice destination with outstanding facilities, outcomes and unrelenting focus on quality. We are a Centre of Excellence with a full complement of subspecialty medical staff. Join our team of exceptional individuals who are providing leading-edge care for their patients and families.

Candidates must be licensed to practise medicine in Ontario. For more information about Southlake, please visit our website.
